

Dear Surgeons and Surgical Team Members:

(Please forward to your surgeon and surgical team member colleagues)

WPATH is pleased to announce the **Surgeon's Program 2020** to be held at the WPATH 26th Scientific Symposium. This program is specifically geared towards the Surgeon and Surgical Team Members, the Program is co-chaired by Drs. Stan Monstrey and Loren Schechter.

The Surgeon's Program 2020 is scheduled to occur over the first day and a half (November 6 – 7, 2020) of the symposium. Surgical sessions will not overlap with the Plenary Talks of the main symposium. Surgical sessions will be pre-recorded, livestreamed and live moderated.

The Surgeon's Program 2020 is scheduled to include the following surgical topics*:

- Adolescent
- Chest/Breast/Body
- Ethical Issues in Gender Surgery
- Facial
- Metoidioplasty
- Phalloplasty
- Physical Therapy in Gender Affirming Surgery
- Surgical Abstracts Presentation
- Topical Debates
- Vaginoplasty
- Young Surgeon's Perspective on "What's New" in Surgical Procedures and Topical Literature Review

Register Today!

With your paid registration, you receive:

- Early Bird Pricing until August 31, 2020
- 30-day access to the Surgeon's Program 2020 sessions
